

DESCRIPTION

For approaching 20 years the Contour internally illuminated bollard has been successfully providing essential road information to drivers around the world. Designed to resist tearing and reform with little or no distortion, even after multiple impacts, it reduces the likelihood of damage or injury during a collision. Ideal for roads with high visibility requirements.

BS EN 12899:2007 Type 1 TTB, IR3, OH2

			Moulded in Graphics 5 Year Guarantee	Easy Clean Surface
--	--	--	---	---------------------------

CONSTRUCTION

Body	Rotationally moulded, UV stabilised polymer, with treatment for enhanced, superior, easy clean, low porosity surface as standard.
Graphics	600mm diameter aspect. Integrally moulded graphics carry a 5 year guarantee against fading and delamination. High profile black borders on yellow panels as standard.
Mounting	Fully welded 3mm galvanised mild steel angle fixing frame, providing fixings to industry standard bases.
