LUMART

## LUMART

LumArt offers same resistance and rigidity as X-Last® bollard, the safest and most durable bollard in the market.

Besides avoiding car traffic, thanks to the LED's lighting, LumArt is ideal for those places with poor visibility, helping people to see the bollard in the distance.

Ideal for parks, gardens or bike lanes, thanks to its modern design, LumArt is perfect to shine the cities, make them safest, trendier and charm.

# GOLA

Specially designed for the seafronts, LumArt Gola is in harmony with city areas near the sea.

Can be applied with metal tape or reflective.

Bind: Lumart socket.

The logo for Sabacaucho features the word "sabacaucho" in a bold, white, lowercase sans-serif font. The text is centered between two thick, red, curved brackets that resemble stylized parentheses or a wide smile. The brackets are positioned above and below the text, with their ends pointing outwards.
