

Pedestrian Guardrail

fixed & removable installation options

041-9832591 | info@ipl.ie | www.iplgroup.com

A combination of fixed and removable pedestrian guardrails may be used for easy maintenance and replacement of damaged panels in high-risk knockdown areas.

Versatile RS sockets facilitates end panels, 90° corners and radius bends.

Multi-purpose galvanised pedestrian guardrail for all pavements, roundabouts and traffic junctions.

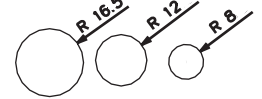

features...

Strong galvanised steel box section railing with RS50x60 socket for easy installation and replacement.

options...

RS socket (for removable & locking option)
Panels with staggered vertical 12mm bars
Panel sizes: 2M / 1.5M / 1M

Maximum radius bends:
2M panel - 16 meters
1.5M panel - 12 meters
1M panel - 8 meters

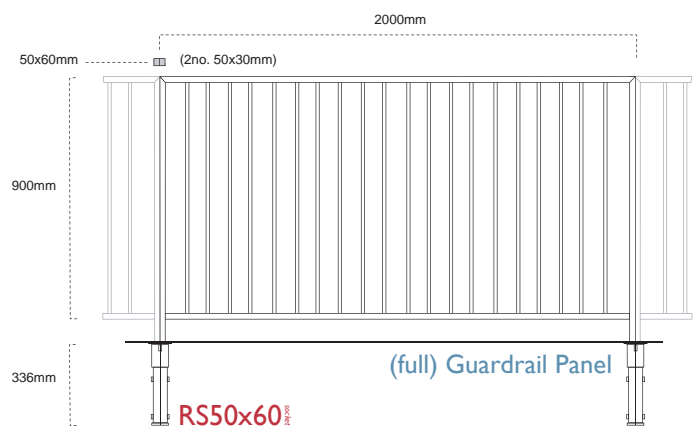

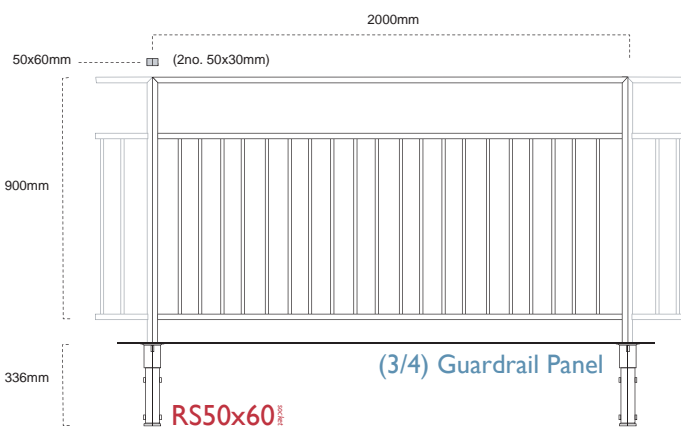

RETENTION SYSTEM™

THE INTELLIGENT FOUNDATION FOR POST INSTALLATION

Versatility & foresight:
Specifying the use of RS sockets anticipates the expected installation demands, maintenance needs and lifecycle of the post.
