

Pencil Style Bollard

Flexible, reboundable bollard

features...

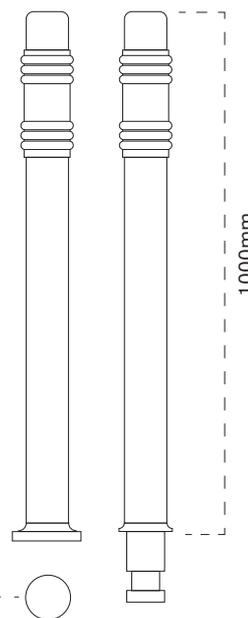

X-last low Head Impact Criterion (HIC) makes these pencil bollards suitable for use around cycle routes and pedestrian spaces.

X-last bollards have 50% less environmental impact than traditional steel bollards.

Impact resistant polyurethane construction, available in a range of RAL colours. Each bollard is complemented with a decorative top in the style of an eraser.

This bollard can be specified either ground-fixed or removable with RS socket.

Suitable for roadside installation as passively safe to EN12767 100NE4, CE marked to EN12899-4.

RETENTION SYSTEM™

THE INTELLIGENT FOUNDATION FOR POST INSTALLATION

Versatility & foresight:
Specifying the use of RS sockets anticipates the expected installation demands, maintenance needs and lifecycle of the post.
